

The Lawrence School, Lovedale
Subject Enrichment Activity for Social Science Class VIII Monsoon Vacations

It is suggested that social science being the subject relevant to social context, projects be related to Art and culture and include development of Life Skills too. Art is not only about self - expression but is more about perceptions a special way of understanding and responding to work. Exploring into ideas and meanings through the works of artists/experts/writers/poets, the students would develop imagination and critical awareness.

The weightage of this component would be of 05 marks.

The much awaited holidays are here yet again and it's time to play and have fun!!! We have planned for you some activities to make the optimum use of your energy and give a vent to your creativity so that you continue learning during the holidays break as well.
